

Looking for O

Take some time to wander, looking at what is beneath your feet! As you move between sessions, go out to find food, or just drift through the city. This can be done at any time, interspersed throughout the day.

It's quite simple- as you walk, look down. Log any O's you see!

Documenting your O's

This is optional.

There will be a **notebook** in the Courtroom to share any thoughts, O's, experiences, etc., if you want to. You can also upload any thoughts to this shared file...

Photography: never move your O's- however tempting it is! Just take a shot of them in situ. Upload photos (if you like) to this shared file...

Group sessions-

- Saturday

There will be a group session starting at 2 pm in the courtyard of Urban HQ, meeting back at the School Room in Urban HQ at 3 pm for group reflections.

- Sunday

There will be a brief sharing session with Dr. Karen Rann (who will join via Zoom) on Sunday at 11:00. Meet outside [Y Storfa](#) a few minutes beforehand.

Dr. Karen Rand

At Budapest's Fine Art Academy, I made wings for unloved buildings. Since then, overlooked places (and voids), informed walk/performances in Norway, Japan, Ireland, Germany, and Romania. I gained my PhD in 2022. I am a freelance artist currently unattached to an institution and would appreciate financial support if selected for inclusion in Uncharted Territory.
